GENL. & REV. SECTT. 27 JAN 1924 SECRETARIAT INDUSTRIES & COMMERCE BRANCH, DIARY NO 418 2

FROM

R. BOCQUET, ESQUIRE, J. P.,
CHIEF INSPECTOR OF MINES IN MYSORE.

GENL. & REV. SECTT. Br. 9K 29 MAR 1924 G. D. SECTION

To

K. V. Anantaraman, Esq., B.A.,
Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore.

19 19 Revl File No. 85-23 Serial No. 1

Sir,

I have the honour to bring to the notice of Government that no provision is made in the Mysore Mining Rules, at present in force in the State, regarding the qualifications to be possessed by drivers of the higher-powered electric hoists installed either underground or on surface in the mines on the Kolar Gold Field or elsewhere outside this area.

2. Note (1), Rule 16, Mysore Mining Rules, as amended by Notification No. G.1278/Geol.14-15-2 dated 28th July 1916 (copy enclosed for ready reference) states that " Except with the permission in "writing of an Inspector of Mines, no person who does not possess "a 1st Class certificate shall be employed as a driver of a winding "engine the cylinders of which exceed twelve inches in diameter."

3. It will be seen that this clause of Rule 16 deals only with winding engines driven by steam or compressed air and does not mention electric winders.

4. To bring the latter within the operation of the said Rule, it was suggested to Messrs. John Taylor & Sons' Committee that an additional clause to Note (1) should be added specifying that only drivers holding 1st class certificates should be permitted to drive electric winding engines of 75 H.P. and upwards, and to this proposal they are agreeable making the Rule applicable to electric winding engines of 75 H.P. and upwards.

5. I therefore request that Government may be pleased to accord sanction

GEOLOGICAL.

Notification by the Government of His Highness the Maharaja of Mysore No. 1239, dated 21st December 1914, as amended by Notification No. G. 1278—Geol. 14-15-2, dated 28th July 1916.

The Government of His Highness the Maharaja of Mysore are pleased to direct the following amendments to be made to the Rules prescribed under Sections 21 and 37 of the Mysore Mines Regulation (IV of 1906) and published under Government Notification (Geological) No. 444, dated 22nd August 1911.

III. Workmen.

Rule 15.—After the first paragraph of the Rule insert the following proviso:

"Provided that the driver of a winding engine w has cylinders not exceeding seven inches in diameter and which is not used for raising and lowering persons shall not be required to hold a certificate."

"*Rule 16.*—The following rule shall be substituted for Rule 16:—

"The following fees shall be paid by each applicant for a certificate under the preceding rule:—

		Rs.	a.	p.
Engine Driver, 1st Class	European ...	15	0	0
	Indian or others	7	8	0
Engine Driver, 2nd Class	... ...	5	0	0
Underground Mestri	... ...	5	0	0
Blaster ...	... ...	5	0	0

NOTE.—(1) Except with the permission in writing of an Inspector of Mines, no person who does not possess a 1st Class certificate shall be employed as a driver of a winding engine the cylinders of which exceed twelve inches in diameter. Such permission may be granted in cases of urgency or for specified periods to men on probation or in training.

(2) Engine drivers of the 2nd Class, when applying for 1st Class certificates shall pay the difference between the 1st and 2nd Class fees.

(3) Underground Mestris presenting themselves for examination may, at the same time, qualify as blasters without payment of any additional fee."
